PRACTICES & POSSIBILITIES

Series Editors: Aimee McClure, Kelly Ritter, Aleashia Walton, and Jagadish Paudel

Consulting Editor: Mike Palmquist

The Practices & Possibilities Series addresses the full range of practices within the field of Writing Studies, including teaching, learning, research, and theory. From Richard E. Young's taxonomy of "small genres" to Patricia Freitag Ericsson's edited collection on sexual harassment in the academy to Jessie Borgman and Casey McArdle's considerations of teaching online, the books in this series explore issues and ideas of interest to writers, teachers, researchers, and theorists who share an interest in improving existing practices and exploring new possibilities. The series includes both original and republished books. Works in the series are organized topically.

The WAC Clearinghouse and University Press of Colorado are collaborating so that these books will be widely available through free digital distribution and low-cost print editions. The publishers and the series editors are committed to the principle that knowledge should freely circulate and have embraced the use of technology to support open access to scholarly work.
